VRT Category N1 - Category A rate are those N1 vehicles that have 4 or more seats and in which the passenger and cargo/functional compartments are contained in a single unit. VRT Category B flat rate calculated as 13.3% for DCC, and 41% for DCiV of revenue's value of the vehicle. VRT Category C rate (€200) - only available to an N1 vehicle if it meets the following conditions: -1. classified N1 at all stages of manufacture 2. less than 4 seats at all stages of manufacture 3. technically permissible maximum laden mass (GVW) greater than 125% of the mass of the vehicle with bodywork in running order (MIRO) at any stage of manufacture (not the Actual Mass of the vehicle). If these three requirements aren't met the vehicle will be either Category A or B depending on type.

Note: EURO 6 HDT Emissions are classed as multistage (incomplete)

VRT Category N1 - Category A rate are those N1 vehicles that have 4 or more seats and in which the passenger and cargo/functional compartments are contained in a single unit. VRT Category B flat rate calculated as 13.3% for DCC, and 41% for DCIV of revenue's value of the vehicle. VRT Category C rate (€200) - only available to an N1 vehicle if it meets the following conditions: -1. classified N1 at all stages of manufacture 2. less than 4 seats at all stages of manufacture 3. technically permissible maximum laden mass (GVW) greater than 125% of the mass of the vehicle with bodywork in running order (MIRO) at any stage of manufacture (not the Actual Mass of the vehicle). If these three requirements are not met the vehicle will be either Category A or B depending on type.

Note: EURO 6 HDT Emissions are classed as multistage (incomplete)

E-Transit Bus M2 Price

E-Transit M2 Bus is based on a 425GVM L3 window van donor.

WERS VISTA ordering instructions as follow:

Transit **Van** 2025.50 MY

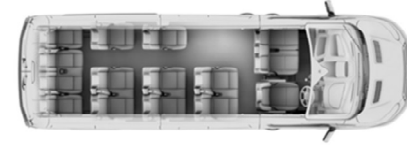

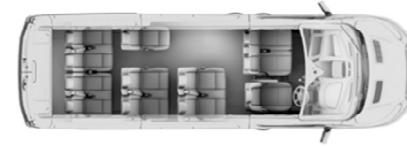

Body Style: Van (CA#VA)

Capacity: 425L (SE#HM)

Series: Trend (ABML4)

Drive: Select appropriate electric motor and battery size (Availability outline deployment below)

- Options:
- (MUST SELECT THE FOLLOWING OPTIONS FIRST)** Fixed 2nd Row R/H Window (B3AAC) DAY & Night Inside Mirror (BSBAB)
 - Add any other options. Single Passenger Seat Option: Seat Pack 2 (BVFAC), High Roof (A1FAC)
 - (MUST BE SELECTED AS LAST OPTION)** Either: 9 x Rear Seats (AALTW) or 12 x Rear Seats (AALTV)

Standard 12 seater bus- 3 x front seats 9 x rear seats
E-Transit Bus 9 Rear Seats (AALTW)

For 11 seater bus select option Seat Pack 2 (BVFAC)
Single front passenger seat

Standard 15 seater bus- 3 x front seats 12 x rear seats
E-Transit Bus 9 Rear Seats (AALTV)

For 14 seater bus select option Seat Pack 2 (BVFAC)
Single front passenger seat

VRT Category N1 - Category A rate are those N1 vehicles that have 4 or more seats and in which the passenger and cargo/functional compartments are contained in a single unit. VRT Category B flat rate calculated as 13.3% for DCC, and 41% for DCIV of revenue's value of the vehicle. VRT Category C rate (€200) - only available to an N1 vehicle if it meets the following conditions: -1. classified N1 at all stages of manufacture 2. less than 4 seats at all stages of manufacture 3. technically permissible maximum laden mass (GVW) greater than 125% of the mass of the vehicle with bodywork in running order (MIRO) at any stage of manufacture (not the Actual Mass of the vehicle). If these three requirements are not met the vehicle will be either Category A or B depending on type.

VRT Category N1 - Category A rate are those N1 vehicles that have 4 or more seats and in which the passenger and cargo/functional compartments are contained in a single unit. VRT Category B flat rate calculated as 13.3% for DCC, and 41% for DCIV of revenue's value of the vehicle. VRT Category C rate (€200) - only available to an N1 vehicle if it meets the following conditions: -1. classified N1 at all stages of manufacture 2. less than 4 seats at all stages of manufacture 3. technically permissible maximum laden mass (GVW) greater than 125% of the mass of the vehicle with bodywork in running order (MIRO) at any stage of manufacture (not the Actual Mass of the vehicle). If these three requirements are not met the vehicle will be either Category A or B depending on type.

Dropside Float

Standard Dropside is a factory built vehicle delivered as a complete vehicle.

WERS Ordering Code: A9CAX

Key features include:

- Cab protector with lashing points
- Side Markers
- No corner posts for easy loading
- Tailboard step
- Bed lashing points

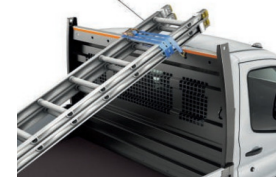

Overall dimensions including Dropside body:

- L2: Length: 5767mm Width: 2474mm
 - L3: Length: 6204mm Width: 2474mm
 - L4: Length: 6797mm Width: 2474mm
- Width with mirrors

Internal Dropside body dimensions:

- L2: Length: 3205mm Width: 2038/2138mm
 - L3: Length: 3645mm Width: 2038/2138mm
 - L4: Length: 4235mm Width: 2038/2138mm
- Width (SRW/DRW)

OTHER PRICING CONSIDERATIONS

Customer Order Price Protection

Ford's Price Protection Plan means that the price you pay is the same as the price on your order as long as you are prepared to accept delivery within three months, and in any event, as soon as your vehicle is available. Your Dealer has full details of the plan. Ford Motor Company Ltd is not liable for changes in price caused by Government changes in tax rates or changes in other applicable legislation.

VAT

VAT is shown calculated at 23%. The total price of a vehicle, including factory fitted options and accessories fitted by the Ford Dealer, will be subject to VAT on retail sale.

Price Changes

This price list outlines Ford's Recommended On The Road prices and Recommended Retail prices. Please contact your Ford Dealer for final sale prices. This price list is effective from 9th February and supercedes all previous price lists. The recommended prices in the publication were true and accurate at the time of printing. You should, however, check details with your Dealer as there may have been changes to Ford's recommended prices in view of Ford's policy of continuous development. Ford reserves its right to change its recommended prices at any time. Change to government legislation or tax changes could result in a change to Ford's published prices.

ILLUSTRATIONS, DESCRIPTIONS AND SPECIFICATIONS

The product information in this publication was correct at the time of going to print. However, Ford's policy is one of continuous product development. The right is reserved to change specifications and colours of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability.

Some images portrayed are of a pre-production model and/or are computer generated, therefore the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional e.g. metallic paint.

Please also note some driver assistance features and safety features described in this publication are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
